

Search results
SN 091888, 660

L Number	Hits	Search Text	DB	Time stamp
1	1558	weiner.in.	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:38
2	30	(toxin adj gene) same (plasmid or vector or recombinant) same antisense	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:43
3	13864	ori or origin adj2 replication same promoter same polyadenylation or polya	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:46
4	11	((toxin adj gene) same (plasmid or vector or recombinant) same antisense) and (ori or origin adj2 replication same promoter same polyadenylation or polya)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:44
5	10300	ori or origin adj2 replication same promoter same polyadenylation or polya same lac adj promoter	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:47
6	9	(ori or origin adj2 replication same promoter same polyadenylation or polya same lac adj promoter) and ((toxin adj gene) same (plasmid or vector or recombinant) same antisense)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:46
7	5360	(ori or origin) adj2 replication same promoter same polyadenylation or polya same lac adj promoter	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:47
8	5419	(ori or origin adj2 replication) same promoter same polyadenylation or polya same lac adj promoter	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:56
9	6	((ori or origin adj2 replication) same promoter same polyadenylation or polya same lac adj promoter) and ((toxin adj gene) same (plasmid or vector or recombinant) same antisense)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:47
10	5419	(ori or origin adj2 replication) same promoter same polyadenylation or polya same (lac adj promoter)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:57
11	3	(ori or origin adj2 replication) same promoter same (polyadenylation or polya) same (lac adj promoter)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:57
12	205	(ori or origin adj2 replication) and (polyadenylation or polya) and (lac adj promoter) and toxin and antisense	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:58
14	0	(ori or origin adj2 replication) and (polyadenylation or polya) and (lac adj promoter) same toxin same antisense	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2003/10/14 16:58

13	42	(ori or origin adj2 replication) and (polyadenylation or polya) and (lac adj promoter) and toxin same antisense	USPAT; 2003/10/14 US-PGPUB; 17:00 EPO; JPO; DERWENT; IBM_TDB
15	7	(ori or origin adj2 replication) and (polyadenylation or polya) and (lac adj promoter) same toxin and antisense	USPAT; 2003/10/14 US-PGPUB; 17:01 EPO; JPO; DERWENT; IBM_TDB
16	65	weiner.in. and toxin	USPAT; 2003/10/14 US-PGPUB; 17:01 EPO; JPO; DERWENT; IBM_TDB
17	12	weiner.in. and toxin and lac	USPAT; 2003/10/14 US-PGPUB; 17:01 EPO; JPO; DERWENT; IBM_TDB
